Re: Firepro Ireland – Nullifire Firestopping Products

Further to your enquiry with regards to the application of our Nullifire Firestopping products by Firepro Ireland, we are now able to comment as follows. Firepro Ireland have been installing our Nullifire Fire Stopping products for some of the largest companies in Ireland on various large projects for many years. We are confident, based on working with Firepro Ireland for many years, and that they have undertaken 3rd Party Accreditation with Warrington Fire Research (Firas), that works undertaken by them would be to the highest standard and in accordance with our application data sheets and recommendations at all times.

We trust this is of assistance, but should you require any further specific information please do not hesitate to contact me on +44 (0) 7774 964157 or our head office on +44 (0) 1942 251 400.

Yours Sincerely,

Gary Pullinger

Sales Director – Nullifire, CPG UK Ltd
